

## DTA Foundation Trick Dog Title list of behaviours

1	Trick name	Description /assessment criteria
2	Give paw	Dog gives one paw on request
3	Watch me	On cue dog looks into handler eyes alert and attentive
4	Off leash recall outdoors	Dog is off the lead in a safe place outdoors and handler performs recall from at least 5 m away. Dog comes back to handler without hesitation
5	Stay calm	Dog stays calm and allows physical examination. For examination demonstrate that it stays calm and allows handler to touch it's face, neck, ears, back, tummy, legs, tail and lift up all legs one by one and check it's teeth.
6	Nose touch hand	Dog uses the nose on cue to touch handler's hand. You should demonstrate that dog will move towards and touch the hand presented at different sides of the dog and at all 3 levels- low near to the ground, dog chest level and high (above dog's nose)
7	Ignore vehicles	Dog walks on a loose leash on a pavement outside without making attempt to chase or pull towards passing cars, bikes and other transport. This needs to be for at least 20 m with several passing vehicles
8	No jumping up	When another person enters the house or comes on the street to greet you, dog must keep all feet down and not jump up on the person
9	Leash walking	Dog walks for around 20m each way on a loose lead without pulling on the lead with one 180 degrees turn
10	Wait by the door	Dog waits by the opening door standing or sitting until the handler allows it to exit
11	Sit stay	Dog stays in the same position (sitting) for 30 seconds with handler being 5 steps away in dog's sight. Handler is allowed to talk to the dog.
12	Down stay	Dog stays in the same position (down) for 30 seconds with handler being 5 steps away in dog's sight. Handler is allowed to talk to the dog.
13	Stand stay	Dog stays in the same place and in the same position (standing) for 30 seconds with handler being 5 steps away in dog's sight. Handler is allowed to talk to the dog.
14	Leave it	On cue without restrain dog resists the temptation to pick up a toy or to start eating the food for at least 3 seconds or until the handler allows it
15	Out of sight recall	Indoor recall when handler is our of dog's sight (perhaps in another room). Dog comes to the handler straight away when called
16	Sit	On command dog sits from standing position and stays in this position for at least 3 seconds.
17	Sit up	On cue dog sits from down position and stays in sit position for at least 3 seconds
18	Down from sit	On command dog lies down and stays in that position for at least 3 seconds
19	Down from stand	On cue dog lies down from standing position without gong into siting position first. Stay down for at least 3 seconds
